

## BLESSING

For

## CELESTE RENEE LYMAN-DAVIS

Your name given at birth on August 20, 1957 at Wichita Kansas, means "heavenly" from the latin, "gift of heaven" from your parents and "Heaven sent" from your calling of God. Your parents have thanked God for the child who some day would have the ministry of bringing people to Him in faith and become a change agent for Him in building the kingdom of God in the lives of others. In some way, God's gift in you will come to enrich others through your children and children's children.

### YOUR BLESSING

IS SPIRITUAL: In ages past before you were formed in your mother's womb God, in His Mind, created you to be the first-born of a larger family. He gave you experiences and a passion to see Him bring healing to the soul and to see God build His kingdom in the heart and lives of others. He has given you discernment and wisdom beyond your own resources and has led you to holy interventions in the lives of the proud and humble alike. He has equipped you with patience and perseverance. Your ways have pleased Him and you have had his protection while you have confronted

darkness in the lives of others. You are the family member with the responsibilities of being the first born, role model and spiritual discerner. May God continue to work His grace through you while sheltering you in your journey through dark valleys that may be yours to travel. May you find rest in the face of trial and peace of heart in the sometimes-troubled arena of life. May you see the true God through eyes unclouded by mortal influence and worldviews. May you continue to walk in the power of the Holy Spirit, the light of God's written Word and the advocacy of Christ who now sits at the Father's right hand.

IS PERSONAL: May others honor you for your selfless investment in the lives of the confused and hurting. May you find comfort of heart in the disappointments that others may bring. May you always enjoy the support and recognition of those you serve at home and in you community. May timeliness and orderliness characterize your ways while others experience and affirm your unique contribution to their lives. May resistance give way to holy submission. May Wisdom be your sister. As you live in the present may the wounds of the past receive healing from above. May you experience, always, the security of a peaceful and settled home where you can enjoy your family and friends. May your husband honor your faithfulness and affirm your rightful place in the home, family of God and community.

May you sense in the secret place of your heart that you are loved and appreciated.

IS MATERIAL: May the desires of your heart find God's approval by His generous provision. May good health attend your way. May you know His strength for each day's demands. May you experience abundance that having your needs satisfied you might always be able to express God's power to bring healing, hope and guidance to a hurting and lost generation.

YOU ARE BLESSED THIS DAY

December 25, 2001

By the one who is privileged to be called your father and who admires, respects and loves you deeply!

Stann R. Lyman, DAD
